

Malar Subramani

Marketing Automation Specialist

Chennai, India | malarmadhu412@gmail.com | +91 8508661846 | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Marketing Automation Specialist with 5+ years of experience building and optimizing customer journeys across Salesforce Marketing Cloud and Braze. Skilled in the technical side of automation - AMPscript, Liquid, HTML - as well as the strategic side: segmentation, personalization, and campaign performance. Reduced deployment time by 30% and improved email CTR by 15% through smarter workflows and testing. Have handled multi-language rollouts across 9+ markets and worked closely with legal and compliance teams throughout. Genuinely interested in AI and where it's heading in the marketing space.

SKILLS & TOOLS

- Marketing Platforms: Salesforce Marketing Cloud (SFMC), Braze, HubSpot
- Technical Skills: AMPscript, Liquid, HTML/CSS, A/B Testing, QA
- Data & Project Tools: Mixpanel, Jira, Confluence, Figma
- Core Expertise: Lifecycle Marketing, Audience Segmentation, Cross-Channel Campaigns, Advanced Personalization

WORK EXPERIENCE

Customer Engagement Associate – FXCM & Tradu, Chennai

Oct 2023 – Present

- Executed multi-channel marketing campaigns across Email, Push, and In-App for a global trading platform.
- Managed end-to-end campaign delivery from stakeholder briefing and audience segmentation to deployment, QA, and post-campaign performance analysis.
- Built personalization logic using AMPscript (SFMC) and Liquid (Braze) to serve dynamic content to different user segments based on behavior and profile data.
- Improved campaign production workflows through A/B testing and process optimization, reducing deployment time by 30% and lifting email CTR by 15%.
- Tested dynamic content, links, personalization logic, and responsive rendering as part of a structured QA process before every deployment.
- Partnered with Product, Legal, Compliance, and Translation teams to deliver compliant global campaigns and automated journeys aligned with GDPR, CAN-SPAM, and internal regulatory standards.
- Launched and managed localized lifecycle campaigns across 9+ languages including Arabic, Spanish, Hebrew, Italian, and Greek.
- Managed sprint planning in Jira and kept process documentation up to date in Confluence.
- Used Mixpanel to analyze campaign performance including open rates, CTR, and conversions, and applied insights to optimize future campaigns.

Email Marketing Specialist – Webberax, Chennai

Jul 2021 – Sep 2023

- Managed end-to-end email operations, built HTML templates from scratch, coordinated creative assets, and scheduled campaigns via HubSpot and PowerMTA.
- Monitored and reported on key metrics including open rates, conversions, unsubscribe trends, and revenue impact to inform future campaign strategy.
